Mehran University of Engineering and Technology – Sindh, Pakistan
Bachelor of Computer Science, Field of Study Engineering & Technology.
Ongoing, CGPA 3.6

Jamshoro, Sindh
Jan - 2021

DEVELOPMENT EXPERIENCE

IEEE MUET CS
[Web Master](#)

Hyderabad, Sindh
2023 to Present

- Led a team of web developers, designers, and content creators to continually improve the website's functionality and aesthetics.
- Developed and executed comprehensive social media strategies to increase IEEE CS's online presence and engagement.
- Provided technical leadership and guidance to the core team, ensuring alignment of web and social media efforts with the organization's goals.
- Collaborated with content creators to curate and publish high-quality, relevant content on the website and social media platforms.
- Worked closely with other core team members and IEEE CS chapters to integrate web and social media strategies into broader organizational initiatives.
- Facilitated effective communication and cooperation among team members.
- Implemented technical optimizations to improve website speed, security, and accessibility

Easy Bazaar at NIC HYDERABD

[CTO \(Chief Technical Officer\)](#)

Hyderabad, Sindh
2023 to Present

- Oversee the successful execution of technical projects, from concept to delivery, by managing timelines, budgets, and resources.
- Spearhead the company's technical strategy, aligning it with business goals to ensure sustainable growth and innovation.
- Directly manage and lead a dynamic team of technical professionals, fostering a culture of excellence, collaboration, and continuous improvement.
- Ensure the timely and efficient deployment of technology solutions, meeting or exceeding client and stakeholder expectations.

Provide hands-on technical expertise and guidance in areas such as software development, system architecture, and infrastructure management.

- Stay updated with industry trends, best practices, and emerging technologies to drive innovation within the organization.
- Collaborate with cross-functional teams, including marketing, sales, and product development, to align technical initiatives with business strategies.
- Facilitate effective communication between technical and non-technical teams to drive project success.

TEDxMuet
Web Developer

Hyderabad, Sindh
May-22 to Sep-22

- Collaborated with a multidisciplinary team, including graphic designers, UI/UX specialists, photographers, and content writers, to create the official TEDx MUET website.
- Played a vital role in enhancing the website's visual appeal and user experience.
- Utilized web development skills, including HTML, CSS, and JavaScript, to build an engaging online platform for the TEDx MUET community.
- Facilitated event registration and sponsorship acquisition through the website's integrated forms.
- Ensured smooth and efficient registration processes for attendees and sponsors.
- Assisted in the coordination and execution of TEDx MUET events, contributing to their success.
- Worked closely with cross-functional teams, fostering a collaborative environment to achieve project goals.
- Regularly communicated with team members to maintain alignment on project objectives and deliverables.
- Collaborated with content writers to ensure that the website featured engaging and relevant content related to TEDx MUET events.

Lets Grow More
Web Developer Intern

Hyderabad, Sindh
Oct-22 to Nov-22

- Developed and designed three web pages for the company website, enhancing its user interface and user experience.
- Utilized HTML, CSS, and JavaScript to create visually appealing and responsive web content.
- Successfully connected external APIs to the company's web application using React, improving data retrieval and functionality.

IEEE MUET Student Branch
Web Developer

Hyderabad, Sindh
Jan-21 to Jan-22

- Led a collaborative effort with a diverse team of graphic designers, UI/UX specialists, photographers, and writers to create and maintain the official IEEE Student Branch website.

- Implemented web development skills, including HTML, CSS, JavaScript, to ensure an engaging and user-friendly online platform.
- Regularly updated website content to reflect the branch's activities and initiative.
- Collaborated with photographers and content writers to document and promote IEEE Student Branch events through the website and other marketing channels.
- Fostered effective teamwork by liaising with team members from different disciplines, ensuring seamless coordination and project success.
- Maintained open communication channels to align with the branch's goals and objective.
